Our child safe policies, strategies and practices are inclusive of the needs of all children and students.

We have no tolerance for child abuse and take proactive steps to identify and manage any risks of harm to students in our school environments.

We promote positive relationships between students and adults and between students and their peers. These relationships are based on trust and respect.

We take proactive steps to identify and manage any risk of harm to students in our school environment. When child safety concerns are raised or identified, we treat these seriously and respond promptly and thoroughly.

Particular attention is given to the child safety needs of Aboriginal students, those from culturally and linguistically diverse backgrounds, international students, students with disabilities, those unable to live at home, children and young people who identify as lesbian, gay, bisexual, trans and gender diverse, intersex and queer (LGBTIQ+) and other students experiencing risk or vulnerability. Child safety is a shared responsibility. Every person involved in our school has an important role in promoting child safety and wellbeing and promptly raising any issues or concerns about a child's safety.

We are committed to regularly reviewing our child safe practices, and seeking input from our students, families, staff, and volunteers to inform our ongoing strategies.

The Principal Class monitor the Child Safety Risk Register.

Child Safety Code of Conduct

Our Child Safety Code of Conduct sets the boundaries and expectations for appropriate behaviours between adults and students. It also clarifies behaviours that are not acceptable in our physical and online environments.

We ensure that students also know what is acceptable and what is not acceptable so that they can be clear and confident about what to expect from adults in the school.

The Child Safety Code of Conduct https://www.myrniongps.vic.edu.au/myrniong_parents/ also includes processes to report inappropriate behaviour.

Managing risks to child safety and wellbeing

At our school we identify, assess and manage risks to child safety and wellbeing in our physical and online school environments. These risks are managed through our child safety and wellbeing policies, procedures and practices, and in our activity specific risk registers, such as those we develop for off-site overnight camps, adventure activities and facilities and services we contract through third party providers for student use.

Our Child Safety Risk Register is used to record any identified risks related to child abuse alongside actions in place to manage those risks. The Principal Class will monitor and evaluate the effectiveness of the actions in the Child Safety Risk Register at least **annually**.

At Myrniong Primary School, some of the ways we promote a culture of online and physical safety for all students are;

- Supervising students properly in all settings, including the playground, excursions and camps.
- Informing students and their families about appropriate use of the school's technology, safety tools and how to seek help and report concerns including cyberbullying and online grooming.
- Keeping up to date with current online safety issues and expert information from specialist government and non-government bodies including the Office of the e-Safety Commissioner, and eSmart Schools.
- Creating a respectful, sensitive and safe environment for people who may be experiencing family violence.
- Identifying and documenting the school's child safety risks in the school's risk register or equivalent and ensure strategies are in place to manage those risks.
- Considering risks arising from child-to-child and adult-to-child interactions in physical and online spaces.
- Considering cultural safety. Are there elements of the physical school environment that would be unwelcoming to Aboriginal people?
- Informing staff, volunteers and students where appropriate of identified risks and risk management strategies.
- Providing training and refresher training to staff and relevant volunteers on risk management policies and procedures.
- Keeping records of risk management activities, including risk assessments for camps and excursions.
- Keeping records of any court orders in place regarding access or intervention orders and communicate to staff who can collect students in these circumstances.
- Letting students know how to raise concerns and where to go if they need help.
- Informing students about online safety risks, including:
 - cyberbullying and trolling
 - invasion of privacy or digital surveillance
 - inappropriate sharing of images
 - phishing, harvesting of personal information or data theft
 - identity theft
 - malevolent software (malware)
 - offensive images and messages

- age-inappropriate online content
- impersonation/catfishing
- grooming.
- Outlining acceptable use of personal devices for students.
- Asking contractors to provide their Working with Children Clearance upon entry to the school.

Establishing a culturally safe environment

At Myrniong Primary School, we are committed to establishing an inclusive and culturally safe school where the strengths of Aboriginal culture, values and practices are respected.

We think about how every student can have a positive experience in a safe environment. For Aboriginal students, we recognise the link between Aboriginal culture, identity and safety and actively create opportunities for Aboriginal students and the Aboriginal community to have a voice and presence in our school planning, policies, and activities.

We have developed the following strategies to promote cultural safety in our school community:

- Begin events and meetings with a Welcome to Country or an Acknowledgement of Country as a standing agenda item. Use this as an opportunity to pause and reflect or open a discussion.
- Fly the Aboriginal and Torres Strait Islander flags on school grounds.
- Lead on safety and inclusion for all Aboriginal students and their families. Learn more about Aboriginal histories and cultures, both locally and across Australia. Speak with respect and confidence about Aboriginal culture, knowledge systems and people.
- Build schoolwide knowledge of Aboriginal histories, cultures, perspectives, values, skills and attitudes.
- Acknowledge and draw on the existing knowledge of Aboriginal students and their families.
- Use [Koorie Engagement Support Officers \(KESOs\)](#) to provide advice to government schools about creating culturally inclusive learning environments.
- Address racism from students, staff, volunteers or visitors directly. Make sure racist speech or actions are always dealt with, and the culture of the school works to prevent incidents from occurring.
- Arrange [Community Understanding Safety Training \(CUST\)](#) or equivalent for staff.

Student empowerment

To support child safety and wellbeing at Myrniong Primary School, we work to create an inclusive and supportive environment that encourages students and families to contribute to our child safety approach and understand their rights and their responsibilities.

Respectful relationships between students are reinforced and we encourage strong friendships and peer support in the school to ensure a sense of belonging through, implementing our whole school approach to Respectful Relationships, our student Code of Conduct, our school values (our weekly RICH award) and the use of our positive behaviour matrix.

We inform students of their rights through our whole school approach to Respectful Relationships and give them the skills and confidence to recognise unsafe situations with adults or other students and to speak up and act on concerns relating to themselves or their peers. We ensure our students know who to talk to if they are worried or feeling unsafe and we encourage them to share concerns with a trusted adult at any time. Students and families can also access information on how to report concerns at https://www.myrniongps.vic.edu.au/myrniong_parents/

When the school is gathering information in relation to a complaint about alleged misconduct or abuse of a child, we will listen to the complainant's account and take them seriously, check our understanding of the complaint, support the student and keep them (and their parents and carers, as appropriate) informed about progress.

Some examples of actions to support the child and student empowerment at Myrniong Primary School are;

- Providing age appropriate and accessible information to students such as information about the school's Child Safety and Wellbeing Policy and Code of Conduct as well as how adults in the school should behave.
- Inviting students to provide feedback on school-wide decisions and take their views into account in school decision-making.
- Giving students a variety of ways to raise concerns. For example: provide an anonymous student suggestion box
- Teaching students practical protective strategies, including:
 - what to do when they feel unsafe
 - phrases they can use to raise an objection
 - pathways for raising safety concerns, and
 - online safety behaviours.
- Supporting all students to identify trusted adults and friends they can talk to about a concern at school, at home or in the community.
- Delivering age-appropriate curriculum content about respectful relationships, sexuality, consent and sexual abuse prevention through the [Resilience Rights and Respectful Relationships teaching and learning materials](#).
- Using the [School's Mental Health Menu](#) to support students in your school.

Family engagement

Our families and the school community have an important role in monitoring and promoting children's safety and wellbeing and helping children to raise any concerns.

To support family engagement, at Myrniong Primary School we are committed to providing families and community with accessible information about our school's child safe policies and practices and involving them in our approach to child safety and wellbeing.

We will create opportunities for families to have input into the development and review of our child safety policies and practices and encourage them to raise any concerns and ideas for improvement.

We do this by:

- Discussing and reviewing child safety and wellbeing policies and practices at School Council meetings.

All of our child safety policies and procedures will be available for students and parents at https://www.myrniongps.vic.edu.au/myrniong_parents/ and at the school office.

- PROTECT Child Safety posters as well as other relevant posters, will be displayed across the school
